- ✓ It's nice to have a "sales" rep that cares more about our results than his sale. Brad is a true marketer and someone we trust. His ideas are always on point because he listens to our needs first, and then finds a solution. I highly recommend Brad! Aly Hess – 3Rivers FCU

- ✓ Brad took the time to listen, he wasn't just there to sell me something. We are now heading into our 8<sup>th</sup> season as marketing partners! - Jessica Grossman / Huntington County Visitor's Bureau

- ✓ As a local business, I wanted to work with someone that understands the community and understands what Waiter on the Way needs. For over 15 years now, Brad has been an important part of helping us become the successful business we are today. It's nice to know he's on our side thinking of the next great idea for us.
